

So, you want to volunteer?

We've got some great opportunities for you!

→If you're interested in **digital media** (podcasts, video, and photo editing), you might be interested in becoming a member of the **Digital Creation Expert League!** You would sign up for a regular shift every week and you would spend that time helping patrons use the exciting equipment in the **Creation Lab**. While not helping patrons you can **create digital media** for the library!

→If you like tablets, computers, cell phones, and ebooks, you might enjoy becoming a member of the **Teen Tech Squad!** Teen Tech Squad members sign up for a regular shift manning the **Technology Help Desk** where you would help patrons **troubleshoot technology questions**. While not helping patrons you can help maintain **library technology**.

→If you are interested in helping prepare for and run the library's **book sale** fundraisers, you can become a **BookWorm!** BookWorms use **detective skills** to figure out what category and genre each book is. They then **use a computer** to add the book to a database and then shelve the book in the right place. During book sales you will be crowd control and cashiers.

Arrange book displays around the library.

- ***Program Prep Support***

If you are interested in any of these opportunities, or if you have an idea for something else you might like to volunteer for, please fill out a Teen Volunteer Application AND Volunteer Service Agreement and return it to a librarian at the Fayetteville Free Library.
