Fayetteville's tree planting and maintenance program has been recognized by the National Arbor Day Foundation with a "Tree City USA" designation since 2001.

With this type of care, our community is sure to have mature, well-chosen, disease-resistant trees at all of our homes, businesses, and public places for many years to come.

Fayetteville's Arbor Day celebration includes a tree planting ceremony near the new Village Hall.

As of December 31, 2005, the Village Tree Inventory includes 3,143 trees on public property.

The Village Tree Inventory will be updated annually to track changes in the tree population.
